**Approval of the Agenda**

**Approval of the Minutes of Previous Meetings**

Walt moved, Skip seconded the approval of the March board meeting minutes. MOTION CARRIED.

**Administrative**

1. Resignation of Tammy Wise as VP of Membership, Board Ability to Appoint New VP of Membership and Process to Recruit and Appoint New VP of Membership
  - a. Tammy Wise moved to a different job and is not able to carry on her duties as VP of Membership. She submitted written notification of her resignation, as of March 30, 2018, to the President.
  - b. Walt moved, Cathy seconded approval of Tammy Wise resignation. MOTION CARRIED.
  - c. Linda plans to send a notice of vacancy to the chapter, job description, membership plan
  - d. Applications for the vacant position will need to be received by April 20 so that we have time to review and appoint at the May Board Meeting.
  - e. The board will appoint a new VP of Membership at the May board meeting from the qualified candidates of whose applications were received per Bylaw section 5.6.
  
2. Update from Bylaws and Policies Committee Meeting held on March 13, 2018
  - a. Proposed Electronic Voting Policy – Review and Approve (attached)
    - i. Stacy asked if the board could use this policy for board meeting voting when we need to meet virtually. Walt explained that this is for the membership only. We already have a policy that would allow the board to vote between board meetings.

- ii. Walt explained why we need to be able to vote electronically – it is because there is not a provision for “absentee voting”. This gives all members a better chance of being able to vote on chapter business.
  - iii. It was noted that the Candidate Nomination Form has been revised to include more information so that members can get a better idea of who that person is. This is to help those who cannot attend the chapter meetings so that they are more informed to be able to vote.
  - iv. Cathy asked about how the candidates will present themselves to the chapter and if we could vote electronically at that same meeting. Walt explained that each member in good standing will receive a one-time use link that is only for them, and the time period that votes will be accepted will be per the policy.
  - v. Lorinda asked about why the vote line is a one-time link. The reason is so that members cannot forward the link to others. It was noted that we are not capturing any personal information or IP addresses from the link that is sent, so there is not a chance of us figuring out who voted or not.
  - vi. There was discussion about if we should do presentations before the vote. There is value in the membership seeing who they are electing. Walt said we could put something together that addresses how we can do those presentations for contested races so that it is fair for everyone (i.e. recording a presentation, etc.). This will be further discussed during the May Board Meeting.
  - vii. Jeremy moved, Shelby second the approval of the Policy. MOTION CARRIED
3. Update on Revisions to Sponsorship Policy
- a. Walt discussed the updates to the Sponsorship Policy. We added \$500 for sponsorship of two meetings and \$750 for sponsorship of three meetings.
  - b. Sponsorship information was sent to NextThought.com for their interest in sponsoring the May meeting.
4. Status of Updates to the Website for Power Membership to Integrate to the ATD International Store
- i. Walt mentioned that most members had updated their personal information, but he need to follow up with 12 members.
  - ii. All data is now updated. Walt has called Erin Murphy to see what the next steps are in the process.

### **Financial**

1. Financial Reports as of February 28, 2018 and March 31, 2018 – Review and Accept
  - a. Skip reviewed the financial reports from both February and March.
2. Wild Apricot Prices Increase and Renewal Options – Review, Discuss and Determine Payment
  - a. Our renewal date is April 27, 2018 and we have two renewal options:
    - i. Renew for a single year at the new rate of \$1,536 for 12 months. We budgeted \$1,248 based on the previous rate. Renewing for a single year at the new rate will put us \$288 over budget.
    - ii. Renew for 2 years and receive a 15% discount and pay \$2,612 for 24 months. This is \$1,364 over budget. It also saves us 15% off the new rate for 2018 and 2019 through April 27, 2020.
    - iii. Discussion about the two options took place. Skip moved, Shelby seconded that we pay for the 2 year plan to receive the discount. MOTION CARRIED

3. Update on Utilization of QuickBooks
  - a. Skip discussed finding someone to help with QuickBooks. He has not had time to learn the new software due to it not communicating with Wild Apricot. It is a lot of manual work, though it does communicate with Paypal.
  - b. Discussion about what software other chapters may use that could integrate with Wild Apricot. Linda will reach out to other chapters to get information.
4. Update on Reconciliation Being Conducted by Woodrum Tate & Associates
  - a. Linda contacted Woodrum Tate & Associates. No update yet.
5. Update on Use of Annual Guest Passes by Board Members
  - a. Board discussed the guest passes already used and how many remain.

  - a. Membership Reports for March 2018 – Note that we have achieved CARE standard for 40% Power Membership - Review & Accept (attached)
    - i. The board reviewed and accepted the membership reports.

    - i. The board reviewed and discussed the luncheon report provided.

    - i. Board members split the list of ATD Tulsa members only and call each person to discuss Power Membership benefits.

**ATD TULSA 2018 PROGRAMS  
WORKSHOP PROPOSAL FORM**

**Workshop Information**

1. **Name/Title/Credentials:***(to appear in promotional/marketing materials):*  
Kris Reynolds, PMP, Managing Partner at Arrowhead Consulting
  
  2. **Workshop Title:**  
Seeing the Forest for the Trees: Enhancing Your Strategic Thinking
  
  3. **Describe How Your Workshop Fits our Program Objective (Theme):** To advance ATD’s mission to “empower professionals to develop talent in the workplace”. 100 words or less
- The skills and information taught in this workshop apply directly to ATD’s mission by teaching participants the best practices for strategic thinking both personally and professionally. Creating a heads-up environment that leads to a proactive, forward looking focus is not just for executives. The financial success and speed of execution of projects drastically increases when employees are encouraged to bring strategic thinking to their daily lives. Unfortunately, most self-survey results indicate that employees score below average on the competencies necessary for strategic thinking. This engaging, activity-based presentation will remedy that problem with quick wins and actionable items for better strategic thinking.

Per the ATD Competency Model, relevant topics include:

<i>Areas of Expertise</i>	
1. Change Management	2. Coaching
3. Evaluating Learning Impact	4. Instructional Design
5. Integrated Talent Management	6. Knowledge Management
7. Learning Technologies	8. Managing Learning Programs
9. Performance Improvement	10. Training Delivery
<i>Foundational Competencies</i>	
1. Business Skills	2. Interpersonal Skills
3. Global Mindset	4. Personal Skills
5. Industry Knowledge	6. Technology Literacy

4. **Describe How Your Workshop Contributes to the Professional Development of ATD Tulsa Program Attendees:** 100 words or less

ATD attendees will gain knowledge about best practices that will inevitably improve their bottom line. They will learn that by rigorously challenging conventional thinking they can find and develop unique opportunities to create value. Furthermore, attendees will be equipped with the skills necessary to anticipate trends at the periphery of their respective industry, reframe problems with critical thinking and interpret multiple sources of data to question assumptions regarding a problem’s root cause.

5. **Workshop Description:** 200 words or less

*It should be written in a format that will help us market your workshop to program attendees.*

Innovation: Everybody says you must have it to succeed, but where do you find the time?

Unfortunately, with most people following the mantra of “doing more with less”, they become so bogged down in day-to-day tactics, that they over focus on implementing conventional solutions to conventional problems. Innovative problem solving takes a backseat to daily firefighting.

In this presentation, Kris Reynolds will help you step back from the trees to see the forest. He’ll help you understand your ruts or “Circle of Habit” and discuss how to break free and unleash the strategic thinker within. Audience members will leave the presentation understanding a new approach to strategic thinking in both their personal and professional lives.

This session is designed to help participants change their focus from day-to-day issue management to a long-term, strategic perspective. The session involves the use of a case study from a well-known organization as well as real-world examples, videos and exercises that encourage non-linear thinking and help participants “look around the corner.” Furthermore, participants will not only have a chance to implement the strategic thinking tactics, but also develop a collective sense of ownership of the company’s strategic direction.

6. **Target Audience and Level:** (novice – entry level, intermediate – middle level or advanced – senior level.)

Strategic Thinking is necessary to the growth of the big picture from the novice level through the senior level.

7. **Learning Objectives:** 300 words or less

State at least three (3) Learning Objectives for the proposed workshop. Each objective should specifically indicate the results and outcomes you seek in terms of participants' knowledge, skills, and behavior. - a) Understand the difference between Strategic Thinking and its often confused with terms: Problem Solving, Strategic Planning, Creative Thinking.
- b) Recognize the ad hoc building blocks of strategic thinking allowing for the creation of an actionable plan that they can be accountable for.
- c) Implement daily quick win activities that will get them on the path towards better/more consistent strategic thinking.
- d) Recognize those things that keep us from thinking strategically on a regular basis and find ways to break out of that rut.
- e) Learn how a well-known company turned themselves around with strategic thinking, leading them to become one of the most profitable and respected companies in the world.

8. **Workshop Design Plan:**

Include a workshop outline with timeframes and delivery methods for all activities. Each workshop timeframe is 60 minutes including time for questions and answers.

Lines, laps, and lectures may be a common way to train teams to perform, but there is a better way. In this engaging and comical chat, I discuss how I travelled from corporate America to the muddy fields of Bangalore, India and how our sports Academy transformed from a command-obey dynamic to cultivating and developing an Academy culture of creativity, collaboration, and captainship. **4. Workshop Description:** 200 words or less

Why teams underperform? What can you proactively do in your organization to build a culture of high performance within your teams? Have you laid the foundation for creativity, collaboration, captainship of high performance within your organization?

In June of 2016 I traded the office for a muddy field and my heels for a pair of dirty cleats as I went to become the only female, only American, only Christian, and only blonde football coach for the Adidas Gameday Academy/Paris Saint Germain Academy to coach widely the first generation of athletes in Bangalore, India on both an elite and grassroots level.

Our Academy had embraced a command-obey philosophy of lines, laps, and lectures that transferred poorly in game and development scenarios. This is a tale of how we transformed our Academy from lines, laps, and lectures to cultivating a culture of creativity, collaboration, and captainship. Throughout this program, attendees will engage in a series of activities and challenges to relate the applications to their organization. In this engaging and memorable program attendees will learn how to build a culture with a foundation of a high performing team.

Walt proposed purchasing 7 additional e-mail addresses from GoDaddy to match the 2018 board positions to allow centralized control and transfer of accounts from year-to-year. Jeremy moved, Shelby seconded to authorize Walt to secure 7 additional e-mail accounts from GoDaddy using the chapter domain for a 3-year subscription at a cost not to exceed \$501.48. There was general discussion. MOTION CARRIED.
- C. Risk Assessment – Walt explained that an annual risk assessment is a CARE requirement. Walt recommended that a committee of Linda, Skip, Jeremy and Walt use the ATD Chapter Risk Assessment Guide to review potential risk and mitigation plans. The assessment must be completed before December 25. The board agreed to the plan.
- D. Membership Dues – the board had previously discussed rolling back the previously approved membership fees increase in light of the increase implemented by ATD for 2018. Greg moved, Linda seconded to amend Policies 3.9.2 and 3.9.7 as follows:

**Policy 3.9.2 Associate Membership fees** (Adopted 12-1-2017) (Effective 01-01-2018)

Associate Membership fees shall be \$50 annually.

**Policy 3.9.7 Associate Membership renewals** (Adopted 12-1-2017) (Effective 01-01-2018)

Associate Membership renewals shall be \$50 annually and are due by the anniversary date of the previous membership fee payment.

**MOTION CARRIED**

- E. Member Survey – Lorinda reminded the board that a CARE requirement is to conduct an annual Member Survey. She offered to use data from past surveys to develop and distribute a member survey to be completed before the CARE submission deadline.

### Announcements

Each board member provided a brief update.

- A. Linda reported on the State Conference recap. The conference was a success, although registration numbers did not meet expectations, causing the conference to under-perform financially. She has documented and preserved the project details for future use. Linda is also working on a goals and objectives worksheet for 2018, and plans a board retreat in January.
- B. Lewana reported on the December program Throwdown participants. There was a discussion for future Throwdown's to offer EITHER a complimentary registration OR runner-up prizes, but not both.

## ATD Tulsa 2017 Risk Assessment

At its December Meeting, the ATD Tulsa Board of Directors approved the following members to serve on the Risk Assessment Committee: Linda Jenkins, President-Elect; Walt Hansmann, VP of Administration; Skip Eller, VP of Finance; Jeremy Smith, At-Large Director. The committee has communicated virtually and met in-person to identify potential risks and mitigation.

1. **Chapter Financial Records:** The chapter uses an older, PC resident version of Quicken. During the course of discovery, we found that the current VP of Finance has not had access to the Quicken files during 2017 and has been using Excel worksheets in place of the program. Both the VP of Finance and the VP of Administration have contacted the past VP of Finance to develop a plan to retrieve the program and Quicken files from his work desktop computer. While keeping the data locally resident was at one time our only option, with today's technology, we can subscribe to a QuickBooks online account and the data will be stored in the cloud and accessible to those we allow access. We recommend budgeting up to \$400 for 2018, and each year going forward, to secure a subscription. This also helps us with our data management and back-up plans. QuickBooks also links to Wild Apricot, should we decide to Export Wild Apricot finance data to QuickBooks.
2. **Annual Audit or Review:** The chapter is required, under CARE, to conduct an annual audit or review of its financial records. While the chapter has, for decades, undertaken a review, a full audit has not been completed to anyone's collective knowledge. We recommend budgeting at least \$3,000 for 2018 for an audit by a CPA to be conducted for in 2018. This helps the chapter comply with both CARE requirements and IRS recommendations. For 2017, Risk Assessment committee members are researching options for the financial review to be completed by a third party before the end of January 2018. A formal recommendation will be proposed to the Board in January.
3. **Robert's Rules of Order:** ATD Tulsa Bylaws state that chapter meetings shall be conducted using Robert's Rules of Order. To ensure all board members are familiar with Robert's Rules of Order for board meetings, the VP-Administration and President-Elect will provide an overview of them during the board retreat on January 20<sup>th</sup>. The overview will become part of future new board member orientations.
4. **Document Retention and Knowledge Management:** Document and knowledge management is an essential requirement to successfully managing any business. We have identified issues with the ownership, storage and management of ATD Tulsa Chapter information. There is no centralized repository. There is no determination of what should be kept nor for what period of time. There is no summary of information already stored, nor its location. For example, among our important documents, are our tax exemption letter and our non-profit articles of incorporation. Going forward, we must also capture a copy of our annual 990 IRS filings and store that document with our governing documents. Also, we need to store all executed agreements for facilities, services, and presenters within our data management process. We recommend development of a document retention policy.
5. **Document Management and Retention for Board Meetings:** Along with the knowledge management, we realized that each document presented at the board meetings should become part of the minutes that are provided to board members and posted for member review. To that end, we will create a policy to define the type of information required for each board meeting,

## ATD Tulsa 2017 Risk Assessment

how and when it shall be provided to board members, and how it will be included in future board meeting minutes.

6. **Electronic Voting:** In August 2017, the members approved Amendments to the Bylaws to facilitate electronic voting on future Bylaw Amendments and Election of Board Members. We must complete the process, procedures and deadlines to enable electronic voting for elections in 2018. To that end, the Board has approved expenditure of fund for a Survey Monkey subscription to be used for voting, monthly program surveys, and annual member surveys.
7. **Signed Presenter Agreements to Ensure Alignment with ATD Policies:** A potential risk continues to be monthly program facilitators. To ensure alignment with ATD policies for program content and delivery, it is incumbent upon us, as a Board, to require all program presenters submit written proposals and signed presenter agreements before their workshop is authorized for presentation. We have already posted 2018 proposal materials and agreements on the chapter website. We need to follow our existing policies.
8. **Table of Contents for Policies and Procedures Document:** To better facilitate member access to ATD Tulsa Policies and Procedures, a Table of Contents has been included.
9. **Whistleblower Protection and Conflict of Interest Policies:** IRS standards recommend that all 501c3 organizations adopt and follow policies for whistleblower protection, document retention and destruction and conflict of interest. We addressed the document retention and destruction policy in item #4. The IRS views whistleblower policies as helpful because: "A whistleblower policy encourages staff and volunteers to come forward with credible information on illegal practices or violations of adopted policies of the organization, specifies that the organization will protect the individual from retaliation, and identifies those staff or board members or outside parties to whom such information can be reported." Per the National Council of Nonprofits: "A policy on conflicts of interest should (a) require those with a conflict (or who think they may have a conflict) to disclose the conflict/potential conflict, and (b) prohibit interested board members from voting on any matter in which there is a conflict." Given these expectations, we will draft policies for board review and adoption.
10. **Wild Apricot Data Back-up:** We questioned the process for backing up data from our Wild Apricot website. Wild Apricot provided this information: *"We automatically back up all Wild Apricot accounts on a daily basis and store the backups at a location separate from our data center. These backups protect your data from catastrophic threats to our data center, and can be used to restore lost data only in the case of emergency. These backups are not available to clients. You can, however, back up your contact database, event registration details, invoices, and payments and refunds, by exporting them to Excel spreadsheets. The export file will be an .XML file in Microsoft Excel format. You can also download individual web pages, and archive your entire Wild Apricot site."*

## 2018 GOALS FOR ATD TULSA

### **Board Goals for 2018: Achieve CARE Membership Superstar Status for ATD Tulsa**

*ATD Chapter Affiliation Requirements (CARE) are a set of performance guidelines designed to help chapters deliver consistent benefits to members. CARE consists of elements in five key areas that are necessary for running a chapter like a business: administration, financial, membership, professional development, and communication. <https://www.td.org/chapters/clc/care>*

To be eligible for CARE Membership SUPERSTAR, your chapter must:

Chapters that achieve this status will receive a 100% CARE logo and a membership SUPERSTAR logo for the chapter website, a letter from Tony Bingham, ATD President and CEO, and recognition in the LCN and on the CLC website.

**Action Items from ATD Tulsa 2018 Board Retreat on Saturday, January 20, 2018**  
**Prepared by Jeremy Smith, VP – Administration on January 26, 2018**

1. We need to work out how we are going to handle pitches when we have more than one candidate running for a board position next year now that we are moving to electronic voting.
2. Need to turn registration on for the eLearning SIG so that participants can register online at the TDTulsa site.
3. Need to make a decision on whether or not to move the December programming meeting from the second Friday to the first Friday to coincide with Employee Learning Week.
4. We need to have the Annual Report completed in time for the February board meeting. Reference item E.3 in the 2018 Board Operating Plan for items to include in this report.
5. Linda is to provide Tammy an electronic copy of the Tulsa Member Participation Chart (pg. 5 of the Board Operating Plan).
6. Jeremy and Tammy will report out about the eLearning SIG meeting that took place today at the February board meeting.
7. Tammy will have sign-up sheets at the February board meeting asking for help with 2018 Membership activities.
8. Shelby is to provide a Marketing Plan to the board for 2018. (complete)
9. Message from Linda Jenkins, President re recommendation to submit a Sharing our Strengths form to ATD for sharing planning and hosting duties for our state conference with COC-ATD.

In 2017, COC-ATD submitted a SOS for the State Conference. Following is the summary of the submission:

SUMMARY: The Central Oklahoma and Tulsa chapters have created a partnership to hold a yearly state conference and alternate which chapter hosts the event. The Central Oklahoma Vice President and Past President gathered the conference knowledge, information, and tasks after hosting the conference to document and share with future conference planning teams. The idea is that the knowledge management for the conference will continue to improve this annual offering for the professionals in the area and will save an average of 120 hours in conference planning. The document extensively outlines all planning process steps. This will allow the team to continue to add value to the conference and grow the event's reach in the community.

## 2017 Annual Report

### Annual Goals

- 1) Coordinate 2017 ATD State Conference in October with a goal of 175 participants.

Had a fantastic Oklahoma State Conference. We fell a bit short of the projected 175 participants with 97 total attendance the day of the event, but the feedback was overall extremely positive. One main takeaway was the conference processes developed by chair Linda Jenkins which will assist the conference committee for years to come.

- 2) Increase Power Membership through increased exclusive power member opportunities.

Our chapter had a high of 48% Power Membership in March, 2017. Power members were offered special pricing for the special “Approachable Leadership” learning opportunity in August, and were notated as Power Members with ribbons on their chapter badges.

- 3) Offer at least 3 networking opportunities outside of chapter meetings at no cost to members.

We had a blast with our two new Networking Events held this year at Consumer Affairs in June and The Persimmon Group in September. We learned much about how these organizations provide talent development and enjoyed tours of their facilities and some great food & drink. Plans are to continue more networking events in 2018 with more great companies.

- 4) Create and offer at least one development workshop.

In August, Phil Wilson presented “Approachable Leadership” for our chapter. This was a great half-day workshop that was attended by members and non-members alike.

- 5) Create a scholarship program for students enrolled in a talent development-related educational plan.

A program was developed with structure and added to our chapter’s bylaws.

- 6) Offer opportunities to visit local organizations to see how they manage the talent development function within their organization.

These opportunities were combined with our afore-mentioned Networking events, which created much interest.

### Communication/Marketing Strategy –

- 1) Maintain consistent communication with members and contacts through our website, emails, and social media channels as well as announcements during chapter meetings.
- 2) Provide a chapter newsletter each quarter highlighting programs and events, as well as membership information and value of Power Membership.

## 2017 Annual Report

- 3) Follow the established timeline for marketing pieces and utilize the automated functions available in Wild Apricot.
- 4) The VP of Marketing and the VP of Digital Media will partner to keep each other informed of all marketing related to the chapter for combined efforts.

Through the leadership of our VP of Marketing, a marketing timeline was created and managed which aided in great information for our members and website visitors, as well as contacts who regularly receive our chapter correspondence. At any given time, our chapter calendar was up to date with meeting information to include upcoming speakers and catering information, as well as special event information such as our Networking events, special learning opportunity and of course, our State Conference web page.

A quarterly electronic newsletter was established, which helped us meet our CARE requirements.

We also decided to move social media marketing under the VP of Marketing umbrella to create a consistent message.

### **Recruitment/Retention Strategy –**

- 1) Continue the quarterly new member lunches.

Our quarterly lunches were unsuccessful in 2017. There are many suggestions as to why this is, but our goal for 2018 is to reestablish the success we saw with these lunches in 2016.

- 2) Create a new volunteer program to provide opportunities for members to get involved and learn more about our chapter.

This did not occur. We are all trying to be more open to member opportunities to serve in any capacity, which ultimately helps us with succession planning.

- 3) Provide opportunities for our chapter to serve the community such as the United Way Day of Caring in September, which builds team/chapter unity.

Our chapter served at Harvard Ave. Baptist Church during the United Way Day of Caring. It was an incredible amount of hard work, from outdoor tree and branch removal to indoor carpet cleaning throughout the church, but our small chapter team was mighty and we made great new friends at the church.

- 4) Continue to frequently inform of the value of membership and participation in the local chapter and international organization.

## 2017 Annual Report

Power membership is regularly communicated to our chapter via our website, newsletter, chapter meeting slides, printed information at meetings and in announcements at all of our chapter events and meetings.

### Succession Planning Strategy –

- 1) Build from our new volunteer program to identify persons who would be interested in and make good additions to our leadership team.

As mentioned above, a new volunteer program was not established and we are working directly with members to identify areas of interest for service within our chapter and leadership team.

- 2) Encourage current board members to add team members in their area of responsibility.

All team leads have been encouraged to add team members to aid them in their role and to help develop new leaders for our organization. We did reduce the number of positions on the leadership board to 9, which should help us build an effective succession plan for our future.

- 3) Create awareness during chapter meetings and the chapter newsletter that leadership opportunities exist within our chapter.

We express needs to our chapter through our regular communication strategies, announcements and conversations within our chapter.

### Special Recognitions

- 100% CARE Achievement for 2016; we have fulfilled and submitted the requirements to earn the Care Membership Star designation for 2017.
- ATD Champion of Learning Award for our Employee Learning Week “Trainer Throwdown” Event
- 2017 Distinguished Service Award - Skip Eller
- 2017 Excellence in People Development Award - Labor Relations Institute, Phil Wilson

### Final Comments

2016 was a difficult year for our chapter. Our membership and attendance numbers were indicative of this. After the 2017 board was elected in the fall of 2016, we gathered for a board retreat where we lined out goals and direction for our chapter for the upcoming year. In 2017, we experienced highs and lows in our membership. At our lowest point, we had 71 members. At our highest point we had 104 members. We hit a high of 48% joint membership (Power Members!) in March, and finished the year at 40%.

## 2017 Annual Report

We made necessary changes to our by-laws to help us be more efficient and effective as an organization. After more than 25 years, we decided on a chapter dues increase for 2018. Our state conference was very well-received, and we are set up nicely with processes for future conferences.

We saw the need for more intentional connections among members, so we worked diligently to create more opportunities for networking at meetings and events. My personal opinion is this is a significant reason we have seen the growth in our membership numbers. We are finding our talent development tribe, and we are branching out to include more in our industry and beyond.

We have a phenomenal board of directors who worked so hard in their elected roles. I am proud to be associated with them and thank them each for their tireless dedication and commitment to our Tulsa ATD chapter. Without their energy, and hard work, we could never have attained all we did in 2017.

Respectfully submitted,

I understand what the cost covers, and would likely be willing to pay it, but not confident in ability to get work reimbursement for it on a regular basis, and if it were a personal expense, would have to build into the budget and might not be done every month.	2/14/2018 9:50 PM

# ATD TULSA 2018 PROGRAMS WORKSHOP PROPOSAL FORM

## Workshop Information

1. **Workshop Title:**

Creating An Environment Where People Thrive

2. **Describe How Your Workshop Fits our Program Objective (Theme):**

Empowering, to us, means not only providing helpful resources, but also teaching others how to use those resources to benefit themselves, while playing to their strengths. Human beings are built to do incredible things. When the environment is right, we can build civilizations, create new technologies, and discover new ways to make life better. That is, "when" the environment is right. Our job as leaders is to create that environment. One that is safe and encourages creativity and accomplishment, rather than fear and insecurity.

Per the ATD Competency Model, relevant topics include:

<i>Areas of Expertise</i>	
1. Change Management	2. Coaching
3. Evaluating Learning Impact	4. Instructional Design
5. Integrated Talent Management	6. Knowledge Management
7. Learning Technologies	8. Managing Learning Programs
9. Performance Improvement	10. Training Delivery
<i>Foundational Competencies</i>	
1. Business Skills	2. Interpersonal Skills
3. Global Mindset	4. Personal Skills
5. Industry Knowledge	6. Technology Literacy

3. **Describe How Your Workshop Contributes to the Professional Development of ATD Tulsa Program Attendees:**

This workshop is based on the "Performance Improvement" Area of Expertise. It will encompass the personal and interpersonal skills necessary for success in their workplace, in spite of the different industries and backgrounds of the attendees. It is important to be mindful of your environment and strategically create a space for yourself and your team to thrive. Whether you are in your office all day, or working as a team outdoors, this workshop will give you the tools necessary to shape your environment.

4. **Workshop Description:**

Leaders must be ever mindful of the environment they are creating, not just for themselves and their teams, but for their peers as well. In "Creating an Environment Where People Thrive," we discuss specific strategies that team members and leaders can adopt to achieve a greater level of influence as an employee, connect with external groups to a higher degree, and ultimately shape the environment within their organization.

5. **Target Audience and Level:**

This workshop will be most beneficial to the middle and senior level, however, it is presented in such a way that it is applicable to the entry level audience as well. They will learn how to take control of their own environment, as opposed to creating an environment for a team which they may not have yet.

6. **Learning Objectives:**

1. After participating in this workshop, participants will be able to understand what it means to create a “thriving environment, the benefits of creating a thriving environment, and how to use this a key element in further developing their talents.
2. After participating in this workshop, participants will have a good knowledge base on the five happy chemicals, what triggers these chemicals, and how to be intentional about releasing triggers.
3. After participating in this workshop, participants will have the resources they need to develop an action plan, which can be immediately implemented.

## **7. Workshop Design Plan:**

- 5 minutes: Icebreakers
- 30 minutes: Interactive Keynote
- 15 minutes: Activity
- 5 minutes: Debrief
- 5 minutes: Q&A

## **8. Handout / Performance Tools:**

Along with having slides, we will also provide handouts/worksheets that will be “fill-in-the-blank” style. Once completed, this worksheet will serve as the notes from the session so that attendees will have it to reference. The worksheets and slides go hand-in-hand to ensure that all the key points have been communicated and understood.

## **9. AV and / or Room Configuration Requirements:**

Because we have a presentation with slides, we will need AV- projector and screens. Our slides have embedded video as well, so internet isn’t required, but we will need to have access to sound. We are flexible with room set up.

## **10. Evidence of Professional Qualifications and Credentials:**

Jerrod has been speaking for over 20 years and has been an experiential based trainer for close to 10 years. Jerrod speaks to both, educational and corporate groups, and has done trainings for groups around the nation and internationally. His groups sizes have varied from a few people to hundreds in the same room. He has spoken to multiple associations locally (Tulsa Apartment Association, Home Builders Association, Chamber of Commerce, etc.) and has led multiple sessions at SHRM.

## **11. Demonstration of Presenter Ability:**

- A. See Attached. Keynote presented at ODOT was this topic. Due to the room size, format leaned more toward non-traditional keynote, instead of workshop.
- B. [Recording of ODOT Keynote](#)

## **12. Biography:**

Jerrod Murr is a speaker, corporate trainer, and cultural entrepreneur. He is a graduate of Northeastern State University with a Bachelor’s Degree in Business Administration, and a member of the Northeastern State University Hall of Fame. Murr is the founder of The 20 Leadership Camp, a faith-based movement equipping students through personal leadership challenges. He is also the Co-Founder of Paradigm Shift, a leadership training and development firm. Murr speaks at multiple Human Resource conferences and corporate educational events throughout the year. He is also honored to be a member of the Salvation Army Advisory Board, as well as being appointed Partner Expert in The Forge’s startup incubator, powered by the Tulsa Regional Chamber. Murr currently resides in Muskogee, OK with his wife, Jenn, and two daughters Adelaë and Josalyn. His favorite book is The Giving Tree, and he loves working on his Bucket List, the OKC Thunder, and good coffee.
